600.326.5K.BA  
or  
600.326.56.BC

**WHISPERBLAST® NOZZLE Benefits**

More blast power at lower pressure reduces energy costs.  
Reduction of noise level lowers hearing protection requirements.  
Low cost of nozzles can be saved many times over in compressed air costs.

Product Codes for Ordering		Thread Size	Description	Air consumption SCFM				
Nozzle Type	Nozzle Inlet Connection			15 PSI	30 PSI	45 PSI	60 PSI	75 PSI
600.130.56	BC	NPT 1/4" M	Original Flat WHISPERBLAST®	5.3	8.8	12.4	16	20
600.332.56	BC	NPT 1/4" M	Guarded Flat WHISPERBLAST®	5.3	8.8	12.4	16	20
600.283.42	BC	NPT 1/4" M	Aluminum WHISPERBLAST®	5.3	8.8	12.4	16	20
600.326.5K	BA	NPT 1/8" M	Round WHISPERBLAST®	4.6	7.6	10.7	13.8	17.2
600.326.56	BC	NPT 1/4" M	Round WHISPERBLAST®	5.3	8.8	12.4	16	20

**Applications for WHISPERBLAST® Nozzles**

1. Blowing off rejected items from a conveyor belt.
2. Blow drying bottles prior to labeling.
3. Any conveyor equipment where air is needed.
4. Blowing off of flat surfaces.
5. Air guns for assembly lines.
6. Cooling applications.

**MiniBlast™ Nozzle**

- High impact
- Compact design
- Suitable for applications where access is limited and for blowing out blind holes

Material: Brass/POM
